COURSE CONTENT

Student Learning Outcomes:

At the conclusion of this course, the student should be able to:

1. Apply discipline-specific skills to scene shop, costume studio, and/or makeup lab production construction practices throughout the preparation for public performance.
2. Implement technical theatre safety practices while correctly following protocol within the theatre hierarchy.
3. Support the work of the rest of a production ensemble, collaborating and working cooperatively within a team structure.

Objectives:

At the conclusion of this course, the student should be able to:

1. Demonstrate the professional responsibilities of a construction technician associated with the preparation of a theatrical production which will perform before a paying public audience.
2. Prioritize tasks in an environment with multiple and competing demands.
3. Explain the production process, from script to performance, and utilize basic theatre terminology within the process.
4. Exhibit the discipline of shop and backstage protocol.
