## **COURSE CONTENT**

### **Student Learning Outcomes:**

At the conclusion of this course, the student should be able to:

1. Initiate and respond to simple and brief conversations in ASL using statements, questions, and behaviors that are appropriate among ASL signers.
2. Use and comprehend basic vocabulary for a variety of everyday topics and activities, including the manual alphabet and numbers.
3. Use simple grammatical structures such as directional verbs, indexing, contrastive structure, subject-predicate order, with attention to ASL parameters and non-manual markers.
4. Discuss features of the culture and history of Deaf people and ASL, including sociolinguistic and intersectional variations in the Deaf experiences.

### **Objectives:**

Students will be able to:

1. Demonstrate understanding of signing and fingerspelling with accuracy.
2. Compose short comprehensible sentences with communicative purposes, displaying minimum surface-level errors in ASL parameter usage.
3. Generate questions and requests using simple grammatical structures involving subjects and predicates.
4. Respond to other signers, using common ASL vocabulary and metalinguistic feedback related to everyday topics.
5. Use greetings, interactions, and conversational techniques in a culturally appropriate manner.
6. Correctly interpret or evaluate content from authentic ASL texts.
7. Use basic grammatical structures involving subjects and predicates.
8. Use fingerspelling to express names, lexicalized signs and loan words.
9. Develop, organize, and sign short narratives.
10. Describe social, cultural, historical, political, sociolinguistic, and intersectional aspects of Deaf and signing communities in the USA.
