COURSE CONTENT

Student Learning Outcomes:

At the conclusion of this course, the student should be able to:

1. Demonstrate expanded knowledge of the special studies topic orally, in writing or via a research or other project.

Objectives:

At the conclusion of this course, the student should be able to:

1. Analyze orally or in writing, the topic of the independent study, citing specific evidence from within the discipline of Agriculture (Sustainable Agriculture, Environmental Horticulture, Wine Studies, Viticulture or Agriculture Business) and placing major trends within a cultural context.
2. Identify the relative significance of the topic or project to Agriculture.
3. Discuss resources (online, bibliographic) relative to their area of study.
4. Achieve the outcomes and objectives outlined in the special studies application.

Topics and Scope:

1. Content will vary with the student, but generally will capitalize on student's special interests and abilities.
2. In no case will a student be allowed to undertake a topic that duplicates another regular offering.
3. Topics related to Agriculture may include: sustainable agriculture, agriculture business, environmental horticulture, wine studies, viticulture.

Assignment:

Assignments vary depending upon the nature of individual student projects, but will typically fall into one of these categories:

1. A written research report
2. A directed project with a written report

3. A presentation and written report
4. A skill demonstration and written report

Methods of Evaluation/Basis of Grade:
