COURSE CONTENT

Student Learning Outcomes:

At the conclusion of this course, the student should be able to:

1. Demonstrate an understanding of the formation of new nations in Latin America and the social, political, and economic problems these countries faced to overcome the colonial period.
2. Analyze modern U.S./Latin America geo-political and economic relations.
3. Distinguish between primary and secondary sources as historical evidence.

Objectives:

Upon completion of this course, the student will be able to:

1. Demonstrate critical thinking and analytical skills by utilizing methods of inquiry used by historians and other social and behavioral scientists.
2. Utilize critical thinking skills to assess and distinguish between factual and interpretive sources of information in the analysis of contemporary issues facing Latin America.
3. Integrate geographical knowledge with cultural and historical knowledge so as to understand the development of modern day Latin American countries.
4. Examine, evaluate, and discuss the experiences, roles, achievements, and contributions of the European, Indigenous, and African people in Latin America from 1830s to present.

5. Analyze the historical roots of movements of liberation from neo-colonialism and the response from the U.S.
6. Examine the role of Latin American women and their participation in liberation movements and their struggles for equality and representation in Latin American political, social, and economic systems.

Topics and Scope:

- I. Brief Review of Indigenous Societies and the European Conquest
 - A. Colonial system and the establishment of slavery, Christianization, and land acquisition from the Indigenous peoples
 - B. Wars of independence
- II. Building Independent Societies: Internal Struggle for Power between Criollos and white Mestizos
