3. Perform exercises to further strengthen and/or stretch muscle groups required to execute dance movements.

4. Take final exam on dance terminology and basic biomechanics. Repeating students: Although some concepts, techniques, and movement vocabulary will be reviewed, the specific choreography of the movement sequences included in every phase of the class and the music to which it is choreographed will vary from semester to semester.

Therefore, information conveyed to meet the demands of that choreography and the learning experience for the student will vary each semester.
