## **COURSE CONTENT**

**Outcomes and Objectives:**

Upon completion of this course, the student will be able to:

1. Perform all intermediate clinical skills within the medical assisting profession in the outpatient setting.
2. Demonstrate problem-solving ability involving equipment, procedures, and processes utilized by the clinical medical assistant in a physician's office, or other healthcare setting.
3. Administer all procedures within the scope of medical assisting practice and within the Occupational Health and Safety (OSHA) standards.
4. Apply medication administration skills, emergency procedures, electrocardiogram (EKG) monitoring, radiological techniques, and obstetrics and gynecological (OB-GYN) skills in a clinical setting.
5. Demonstrate adherence to Health Insurance Portability and Accountability Act (HIPAA)
6. Demonstrate effective communication skills and awareness of cultural sensitivity with patients, physicians, and other medical staff members.
7. Demonstrate professionalism in a clinical setting.
8. Document with accuracy in medical records.
9. Apply critical thinking skills while participating in post-conference clinical team meetings.

**Topics and Scope:**

1. Medical assisting clinical experience in outpatient clinic facility with increasingly complex patient-care assignments
  - a. Evaluation process and criteria for student performance
  - b. Clinical experience
    1. Communicating effectively with patients, instructor, and medical staff
    2. Practicing within professional/ethical scope of practice for medical assistants
    3. Planning and implementing care in a safe, timely, and organized manner utilizing OSHA standards
    4. Administering medications safely
    5. Providing culturally sensitive care
    6. Maintaining patient privacy and confidentiality per HIPAA guidelines
    7. Documenting medical records within legal standards
2. Clinical Rotation Conferences
  - a. Orientation to clinical medical assisting experiences
    1. Procedures and evaluations
    2. Expectations of MA student
    3. Client behaviors
    4. Discussion of assigned experience
  - b. Analyzing tasks and problem solving related to clinical medical assisting experiences
    1. Laboratory techniques
    2. Medication administration
    3. Radiology techniques
    4. EKG monitoring
    5. Emergency procedures
    6. OB-GYN skills
  - c. Applying learning objectives during clinical experience

**Assignment:**

1. Accept clinical assignment and participate in direct patient care.
2. Participate in bi-weekly post-conference, using attendance roster, with instructor and peers to include discussion of assigned experiences and any problems encountered.
3. Ten to twenty critical-thinking, role-playing exercises related to organizing, prioritizing, charting, and problem solving.
4. Medical record documentation for all assigned patients.
5. Lab report review and analysis.

**Methods of Evaluation/Basis of Grade:**

**Writing:** Assessment tools that demonstrate writing skills and/or require students to select, organize and explain ideas in writing.

Medical record documentation	Writing 10 - 20%
------------------------------	---------------------

**Problem Solving:** Assessment tools, other than exams, that demonstrate competence in computational or non-computational problem solving skills.

Lab reports, clinical experience, role-playing exercises	Problem solving 20 - 30%
----------------------------------------------------------	-----------------------------

**Skill Demonstrations:** All skill-based and physical demonstrations used for assessment purposes including skill performance exams.

Clinical experience, patient care

Skill Demonstrations  
40 - 50%

**Exams:** All forms of formal testing, other than skill performance exams.

None

Exams  
0 - 0%

**Other:** Includes any assessment tools that do not logically fit into the above categories.

Participation and attendance in post-conferences

Other Category  
10 - 20%

**Representative Textbooks and Materials:**

Clinical Procedures for Medical Assistants, by K. Bonewit-West, 8th Ed., Saunders, 2011
