Title 5 Category: AA Degree Applicable

Grading: Grade or P/NP

Repeatability: 00 - Two Repeats if Grade was D, F, NC, or NP

Also Listed As:

Formerly: BIO 48.16

**Catalog Description:**  
A series of lectures on current topics in biology and a brief introduction to the field of biological science. Lectures are presented by visiting scientists and Life Science Department faculty.

**Prerequisites/Corequisites:**

**Recommended Preparation:**  
Eligibility for ENGL 100 or ESL 100

**Limits on Enrollment:**

**Schedule of Classes Information:**  
Description: A series of lectures on current topics in biology and a brief introduction to the field of biological science. Lectures are presented by visiting scientists and Life Sciences Department faculty. (Grade or P/NP)  
Prerequisites/Corequisites:  
Recommended: Eligibility for ENGL 100 or ESL 100  
Limits on Enrollment:  
Transfer Credit: CSU;

Repeatability: Two Repeats if Grade was D, F, NC, or NP

## **COURSE CONTENT**

### **Outcomes and Objectives:**

Upon completion of this course, the student will be able to:

1. Identify and compare the various disciplines included in the biological sciences.
2. Identify the course of study required for a major in biology or physiology.
3. Summarize and evaluate lectures on current topics in biological sciences.

### **Topics and Scope:**

1. Biology as a discipline
  - a. Science education
  - b. Biology sub-disciplines: e.g. botany, zoology, molecular biology, anatomy, physiology, microbiology, genetics, evolution, ecology, embryology
  - c. The biology and physiology majors at SRJC
2. Current topics in Biology

There will be unique topics every semester, some possible topics might include:

  - a. Natural history of specific geographical locations, e.g. Madagascar, Galapagos
  - b. Biology of specific species, e.g. bats, manta rays, oaks, giardia
  - c. Current advances in medical research, e.g. impact of human genome studies
  - d. Biology in the news, e.g. current Nobel prizes in physiology
  - e. Research in specific biological disciplines, e.g. prions and mad cow disease, physiology of chemical dependency, sudden oak death

**Assignment:**

1. Attendance at lectures, 5 per semester.
2. Brief written report(s) may be required summarizing and evaluating the material presented in one or more lectures.
3. Objective examination on orientation to biological sciences.

### Methods of Evaluation/Basis of Grade:

**Writing:** Assessment tools that demonstrate writing skills and/or require students to select, organize and explain ideas in writing.

Brief report(s)

Writing  
10 - 40%

**Problem Solving:** Assessment tools, other than exams, that demonstrate competence in computational or non-computational problem solving skills.

None

Problem solving  
0 - 0%

**Skill Demonstrations:** All skill-based and physical demonstrations used for assessment purposes including skill performance exams.

None

Skill Demonstrations  
0 - 0%

**Exams:** All forms of formal testing, other than skill performance exams.

Final exam

Exams  
10 - 40%

**Other:** Includes any assessment tools that do not logically fit into the above categories.

Participation

Other Category  
50 - 80%

### Representative Textbooks and Materials:

Instructor prepared materials.
