COURSE CONTENT

Outcomes and Objectives:

By the end of this course, students will be able to:

- 1. Identify and describe the nature of language, language universals, linguistic science (its background, development, and relation to other fields of study), and recent developments in the study of language.
- 2. Examine philosophical approaches as well as practical insights of modern linguistic science that will aid them in a variety of academic and career pursuits.
- 3. Apply principles of the various branches of linguistic science (as listed below) to a number of different fields of study, including but not limited to English literature, anthropology, sociology, psychology, child development, and education.

Topics and Scope:

- 1. Phonetics
- 2. Phonology
- 3. Morphology
- 4. Syntax and grammar
- 5. Semantics
- 6. Historical linguistics and language change
- 7. Classification of languages
- 8. Cognition and language (psycholinguistics)
- 9. Language acquisition (first and subsequent)
- 10. Sociolinguistics and social contexts
- 11. Writing systems
- 12. Animal communication

- 13. Computational linguistics
- 14. History of English
- 15. Stylistics
- 16. How to conduct field observations

Assignment:

Typical assignments will include:

- 1. Textbook reading assignments, 30-50 pages per week
- 2. Ouizzes
- 3. Midterm and Final Exam
- 4. Supplemental reading
- 5. Reading and observation journals that apply concepts in the reading to student's everyday experiences with language and culture.
- 6. Visitation to ESL or Child Development Center classroom at Santa Rosa Junior College
- 7. Semester research projects involving research and group presentations.
- 8. Two to four essays including research and analysis, 750 to 1500 words.

Methods of Evaluation/Basis of Grade:

Writing: Assessment tools that demonstrate writing skills and/or require students to select, organize and explain ideas in writing.

Reading Journals, Critiques, Essays, Observations reports,

Writing 50 - 60%

Problem Solving: Assessment tools, other than exams, that demonstrate competence in computational or non-computational problem solving skills.

Homework problems

Problem solving 10 - 20%

Skill Demonstrations: All skill-based and physical demonstrations used for assessment purposes including skill performance exams.

Applied Linguistics Observation at Call Child Center or SRJC ESL classroom

Skill Demonstrations 15 - 20%

Exams: All forms of formal testing, other than skill performance exams.

Multiple choice, True/false, Matching items, Completion, ESSAY EXAMS

Exams 15 - 25%

Other: Includes any assessment tools that do not logically fit into the above categories.

Attendance and participation in class activities and discussions.

Other Category 0 - 5%
