# **Certificate/Major Applicable:**

Certificate Applicable Course

# **COURSE CONTENT**

# **Outcomes and Objectives:**

The student will:

- 1) Recognize and understand basic terms and concepts of livestock behavior, including the history and science of ethology.
- 2) Identify and understand the basic processes that shape livestock behavior.
- 3) Assess the relevance of livestock behavior to humane handling.
- 4) Apply critical thinking and problem-solving skills to develop humane livestock handling systems and facilities.
- 5) Acquire the technical skills necessary for humane handling of cattle, sheep, goats, swine and horses in a field setting.

## **Topics and Scope:**

- 1) History of ethology
- a) Domestication
- b) Ethics
- 2) Benefits of humane handling
- a) Working conditions
- b) Animal Product quality
- c) Quality of Life
- 3) Animal Perception a) Genetics influences
- b) Learned behavior
- i) Critical periods
- ii) Learning and training
- c) Stress

- i) Perceptions
- ii) Sensations
- 4) Handling Livestock
- a) Predator Prey Patterns
- b) Handling practices that use animal instinct
- i) Gathering
- ii) Movement
- iii) Crowding
- iv) Sorting
- v) Transportation
- vi) Processing
- 5) Species Specific Handling Facilities
- a) Cattle Handling
- i) Design
- (1) Location and layout
- (a) Curved systems
- (b) Solid siding
- (c) Corrals
- (d) Footing
- ii) Restraint practices
- b) Swine Handling
- i) Design
- (1) Location and layout
- (a) Curved systems
- (b) Solid siding
- (c) Pens
- (d) Footing
- ii) Restraint practices
- c) Sheep Handling
- i) Design
- (1) Location and layout
- (a) Curved systems
- (b) Solid siding
- (c) Corrals
- (d) Footing
- (2) Restraint practices
- d) Goat Handling
- i) Design
- (1) Location and layout
- (a) Curved systems
- (b) Solid siding
- (c) Corrals
- (d) Footing
- (2) Restraint practices
- e) Horse Handling
- i) Design
- (1) Location and layout
- (2) Restraint practices

## **Assignment:**

1. Read periodicals, handouts, and texts (20 to 30 pages per week)

- 2. Facilities design
- 3. Quizzes, tests, mid-term and final exam
- 4. Practical skills exam

#### Methods of Evaluation/Basis of Grade:

**Writing:** Assessment tools that demonstrate writing skills and/or require students to select, organize and explain ideas in writing.

None, This is a degree applicable course but assessment tools based on writing are not included because problem solving assessments and skill demonstrations are more appropriate for this course.

Writing 0 - 0%

**Problem Solving:** Assessment tools, other than exams, that demonstrate competence in computational or non-computational problem solving skills.

Facilities design

Problem solving 10 - 10%

**Skill Demonstrations:** All skill-based and physical demonstrations used for assessment purposes including skill performance exams.

Practical skill demonstrations

Skill Demonstrations 40 - 55%

**Exams:** All forms of formal testing, other than skill performance exams.

Multiple choice, True/false, Matching items, Completion

Exams 35 - 50%

**Other:** Includes any assessment tools that do not logically fit into the above categories.

None

Other Category 0 - 0%

## **Representative Textbooks and Materials:**

Humane Livestock Handling: Understanding livestock behavior and building facilities for healthier animals. By Temple Grandin Publisher Storey Publishing (2008).

The following texts are classics in the field:

Social Behavior in Farm Animals By Linda J. Keeling, Harold W. Gonyou. Publisher CABI (2001)

The Ethology of Domestic Animals: an introductory text. By Per Jensen Publisher CABI (2002)

Animal Domestication and Behavior By Edward O. Price CABI (2002) Principles of Animal Behavior By Lee Alan Dugatkin 1st edition, 2004
