COURSE CONTENT

Outcomes and Objectives:

Upon completion of this course, the students will be able to:

1. Analyze sophisticated visual and functional relationships such as form and surface features, suitability of materials, proportion and scale.
2. Demonstrate advanced throwing and hand-building skills.
3. Practice glaze mixing skills and employ a working vocabulary of glaze formulation terms.
4. Experiment with a variety of glaze decorations.
5. Apply a more complex vocabulary in ceramics.
6. Demonstrate the ability to make aesthetic and technical judgments of one's work and the work of others.
7. Examine and analyze examples of historical and contemporary ceramics.
8. Demonstrate a creative process that includes good work habits, the practice of hand skills, risk-taking, and experimentation.
9. Define health and safety issues that arise from the use of ceramic materials and equipment.

Topics and Scope:

1. Production of advanced thrown forms on the potter's wheel:
 - A. Cups, pitchers, bowls
 - B. Lidded containers
 - C. Teapots
2. Creation of complex and larger scale hand-built or thrown ceramic objects displaying personal expression.
3. Analysis of aesthetic and technical decisions and judgments about glazes and complex ceramic forms.
4. Mixing glazes:
 - A. Reading a glaze formula
 - B. Using a gram scale
 - C. Using a glaze sieve

- D. Applying test tiles
- E. Firing test tiles
- 5. The use, care and safety for materials, tools and equipment of ceramics.
- 6. The concepts and elements of historical and contemporary ceramics.

Assignment:

Assignments may include the following:

- 1. Use the potter's wheel to make 5-8 cups, pitchers and large bowls.
- 2. Use the potter's wheel to make 4-6 lidded containers.
- 3. Use the potter's wheel and/or hand-building techniques to make 3 functional teapots.
- 4. Explore one's own thoughts and feelings around a particular social issue and express one's ideas in teapot form.
- 5. Measure and mix glazes from basic ingredients and apply them to test tiles.
- 6. Write two reports (2-3 pages each); one on a ceramic artist and one on a gallery exhibition.

Methods of Evaluation/Basis of Grade:

Writing: Assessment tools that demonstrate writing skills and/or require students to select, organize and explain ideas in writing.

Short reports on artists and gallery exhibition.

Writing
10 - 20%

Problem Solving: Assessment tools, other than exams, that demonstrate competence in computational or non-computational problem solving skills.

None

Problem solving
0 - 0%

Skill Demonstrations: All skill-based and physical demonstrations used for assessment purposes including skill performance exams.

Class performances, Final exhibit of completed glazed work.

Skill Demonstrations
60 - 75%

Exams: All forms of formal testing, other than skill performance exams.

None

Exams
0 - 0%

Other: Includes any assessment tools that do not logically fit into the above categories.

Attendance, effort, artistic growth and participation.

Other Category
15 - 20%
