COURSE CONTENT

Student Learning Outcomes:

At the conclusion of this course, the student should be able to:

1. Conduct an intake assessment and write an intake summary.
2. Develop a Service Plan that identifies appropriate referrals and incorporates the principles of case management.
3. Record proper documentation on a case including writing case notes, maintaining a calendar, writing progress reports on schedule and completing forms.
4. Conduct a closing session with a client and write a closing report.
5. Demonstrate appropriate counseling techniques.

Objectives:

Upon completion of this course, students will be able to:

1. Differentiate the phases and components of case management.
2. Conduct an intake and assessment of clients' needs.
3. Synthesize and organize information on a case.
4. Write concise reports and case notes.
5. Identify appropriate referrals and coordinate client services.
6. Prioritize tasks and develop a system of time management needed to manage a large caseload.
7. Incorporate counseling skills.
8. Develop a plan of service, including writing problem and goal statements, and action steps.
9. Develop and implement problem-solving strategies in response to the evaluation of client progress and case study practice.
10. Examine the organizational structure of human service agencies.
11. Conduct a case staffing/case conference.
12. Identify ethical issues as they pertain to the case management process, and identify strategies for resolving ethical dilemmas.
13. Identify roles in the case management process.
14. Demonstrate interviewing techniques and skills.
15. Demonstrate assessment techniques and skills.
