1. Perform the scales, modes, and arpeggios used in jazz improvisation.
2. Analyze jazz chord progressions, identifying appropriate scales, arpeggios, and/or melodic patterns for improvisation.
3. Construct stylistically appropriate jazz lines from previously analyzed examples.
4. Compare and contrast styles of improvisation from recorded examples.
5. Evaluate harmonic and melodic development as it relates to style.

Assignment:

2. Approximately every two weeks the entire class session will be devoted to a performance of the tune(s) we have been working on. Students will solo on each tune to the best of their ability and rhythm section players should demonstrate good comping skills. These performances are considered tests and are graded accordingly.
3. The final exam is an in-class performance.
