Assignment:

THAR 127.4 students will participate in class activities relating to the properties requirements for the semester's productions. However, the following assignments will focus primarily on developing skills relating to theatrical weaponry and speciality props.

Homework and class assignments:

- 1. Read 5-10 pages of the required material per week.
- 2. Quizzes: One or more quizzes on assigned reading and/or safety issues.
- 3. Read, analyze, and research 3-4 assigned plays from a property designer's viewpoint. Scripts will include the 2-3 SRJC productions for the current semester; instructor may select 1-2 additional scripts for class discussion and exercises. With each script, the student will:
 - A. Identify required and potential props.
 - B. Develop a props list, scene by scene.
 - C. Identify the period and style of each play.
 - D. Research and collect visual images representing the period of the play.
 - E. Research the identified props within the play's period, providing

images/sketches.

4. Design Team Assignment

Students will work in groups of 2-3 to simulate the collaborative process of a design team.

Assignment example:

- A. The team is assigned one or more specific props for an upcoming production.
- B. The team strategizes how the prop(s) will be constructed, selects appropriate materials, and applies techniques in the construction of the assigned prop(s).

5. Production Attendance Essays:

- A. Attend 2-3 SRJC productions (Note: Students receive one free ticket per production.)
- B. Write a 500 word essay on each play, focusing on the props used.

6. Props Purchasing Assignment:

- A. Research 2-4 purchasing sources for an assigned object or material.
- B. Present findings to class, including price, availability and delivery information.

7. Final Project:

Problem-solve, strategize, and construct an instructor-assigned prop for theatrical use.

(Instructor may assign a prop for a specific production or independent of any specific script or show.)

Additional assignments may include:

8. Props Management Assignment:

- A. Develop a problem-solving strategy for organizing and managing props for a production, in theory or practical application.
- B. Document the management strategy in a 500 word page paper (Strategy Paper).

9. Specialized Prop Construction Assignment(s):

Examples include a foam carving or casting project.

10. Peer assisting in the construction and management of weaponry and speciality items.
