# **COURSE CONTENT**

# **Outcomes and Objectives:**

Upon completion of the course, students will be able to:

- 1. Recognize the connection between international relations as a field and their personal lives.
- 2. Define key terms, events, and concepts used in international relations.
- 3. Identify key players--state and non-state actors--in international relations.
- 4. Question their own values and popular myths with respect to other countries and their foreign policy objectives.
- 5. Identify and evaluate the explanatory, descriptive, and predictive power of different theories of international relations.
- 6. Understand the universal and enduring nature of conflict in the international system.
- 7. Describe the historical evolution of the international system.
- 8. Formulate their own ideas about how to address current world order problems such as nuclear proliferation, international warfare, global economic inequality, and climate change.

# **Topics and Scope:**
