COURSE CONTENT

Student Learning Outcomes:

At the conclusion of this course, the student should be able to:

1. Audition and perform for various digital and film media.
2. Utilize fundamental techniques of voice, movement, and the actor's craft adjusted to those media.
3. Produce and market an effective demo reel for casting, self-promotion, social-media broadcasting and audience building.

Objectives:

In order to achieve these learning outcomes during the course the student will:

1. Recognize and apply the technique adjustments required for adapting stage acting process to various digital media.
2. Participate in the filmmaking process and experience how actors affect storytelling in movies.
3. Define the roles and terminology of single and multi-camera crews and demonstrate basic knowledge of the protocols, etiquette, and processes on a set or in a studio.
4. Define production styles (including single camera and three camera) and the differences between feature film, one-hour drama, soap opera, situation comedy, reality, webisodic, etc.
5. Demonstrate the technical considerations of acting for the screen including working with off-screen partners and crew in studio and on location, adjusting performance to camera angles, camera positioning, frame size, multiple takes, and editing.
6. Recognize various types of commercial copy, as well as creating and performing the copy on camera.
7. Develop and perform narrative and character voices for voice-over projects.
8. Prepare for and create on-camera or voice-over auditions.
9. Produce a web-ready, acting demo reel.

Topics and Scope:

- I. Aesthetic of the camera and its effect on performance
- II. Adaption and application of acting theories and process
- III. Adjustment of performance style to various camera angles.
 - A. Wide--shot
 - B. Medium--shot
 - C. Close-up
 - D. Extreme close--up
- IV. Adjustment performance to various camera production styles.
 - A. Single camera (such as feature film, one-hour drama, reality, webisodic, etc.)
 - B. 3 camera (such as situation comedy, soap opera, broadcast journalism, etc.)
- V. Performing within the constraints and technical considerations of the camera and voice-over environment
 - A. Working with microphones and lights
 - B. Hitting marks
 - C. Positioning for the camera
 - D. Recreating performance for continuity and editing
 - E. Sculpting a performance through multiple angels and takes
 - F. Working in studio and on location
 - G. Collaborating with crew and director
- VI. Auditioning for film, television, and voice-over roles
 - A. For the camera
 - B. Voice-overs
- VII. Types and structure of on-camera and voice-over commercial copy
- VIII. Development of voice-over narrative styles and character voices

Assignment:

Note: This course may collaborate with courses such as Media 20 and Media 21 for the purposes of practical experience with single camera, narrative film.

- 1. Reading from text and assigned handouts (approx. 10 to 15 pages/week)
- 2. Quizzes on reading, lecture, and demonstration material?
- 3. Written script/character analysis assignments and voice characterization sheets
- 4. On camera assignments (3-5)
 - A. Commercial
 - B. Single camera (multi-take and multi-angle)
 - C. Three Camera (sitcom, soap opera and broadcast journalism)
 - D. (Optional) Single camera film project in collaboration with Media 21
- 5. Voice-over assignments (2)
 - A. Narrative
 - B. Character
- 6. Class participation and attendance
 - A. Participation in class activities, exercises, and discussions
 - B. In class production crew responsibilities
 - C. Adherence to standards of professionalism as outlined in course syllabus (including attendance, preparation, and collaboration)
- 7. Produce an effective demo reel and market it to a target audience on social media.
