COURSE CONTENT

Student Learning Outcomes:

At the conclusion of this course, the student should be able to:

1. Explain the training and preparation necessary to work in or manage an EAAT program, including aspects of business organization, physical plant operations, horse management, personnel procedures and inter-agency relations.

Objectives:

Upon completion of the course, students will be able to:

1. Name stages of normal growth and development.
2. Identify components of an Individualized Education Plan (IEP).
3. List common disabilities encountered in EAAT programs utilizing proper medical terms.
4. Describe the physical, mental, psychological characteristics of populations served in the EAAT setting.
5. Create an executive summary for an EAAT program.
6. Design a physical plant layout for an EAAT center.
7. Discuss personal and business evaluation procedures.
8. Discuss recruitment, retention and training of staff and volunteers.
9. Identify support resources; how they could be best utilized; and how to obtain those services (computer software programs, professional agency assistance, and consultants).
10. Review potential funding sources for successful program operations.
11. Plan and assist in a fundraising event for non-profit EAAT program.
12. Describe legalities related to client confidentiality.

Topics and Scope:

- I. General Concepts of Normal Human Growth, Development, Behavior, and Psychology
- II. Medical Terminology and Vocabulary as it Pertains to EAAT
- III. Instruction in the Etiology/Management/Awareness and Sensitivity Training in relation to:
 - A. Physical impairments
 - B. Cognitive impairments
 - C. Sensory impairments
 - D. Psycho-social impairments
 - E. Speech and language impairments
- IV. Facilities, Equipment Design Considerations, and Safety Features relating to the EAAT Environment
- V. Recruitment, Management, Supervision and Training of Staff and Volunteers
- VI. Administrative Considerations: Legal Structure, Funding, Marketing, Public Relations, Risk Management, Quality Assurance, Inclusions, Exclusions, Required Forms, and Insurance-Liability
- VII. Review of Specific Computer Programs and Internet Resources
- VIII. Inter-Agency Relations
- IX. Evaluation and Program Development

Assignment:

1. Research paper (5-8 pages) on current trends/aspects of EAAT
2. Design a facility for an EAAT program
3. Reading assignments from the text of approximately 30-50 pages per week
4. Quizzes (2-3), midterm, final
