## **COURSE CONTENT**

### **Student Learning Outcomes:**

At the conclusion of this course, the student should be able to:

1. Describe business and editorial functions of print and online magazine industries, strategies and methods for creating a print or online publication and methods for selling content to magazines.
2. Apply reporting, writing skills and/or multimedia skills to create text-based or multimedia content for at least three different types of magazine articles.
3. Formulate constructive critiques of professionally published magazine pieces, as well as the work of their peers.
4. Participate as a productive team member of an online or print magazine staff from magazine inception to publishing and marketing/distribution.

### **Objectives:**

At the conclusion of this course, the student should be able to:

1. Discuss the how-to's of magazine publication, including brainstorming, researching, reporting, planning visuals and layouts, fact-checking, editing, publishing and marketing.
2. Develop story ideas, find sources, research, report and create content for at least three types of magazine articles, with at least one short article (how-to, news, listicle, reader service) an in-depth, feature-length piece and a personal experience essay, using high standards of ethics and accuracy. Note: Content can include writing, photography, design or multimedia.
3. Participate in tasks associated with online magazine production, such as copyediting, headline and cutline writing, photo taking and editing, design, layout, website uploading and social media marketing.
4. Compare and contrast different styles of magazine writing, from features, news and profiles to shorter service and how-to pieces.
5. Edit both peer and professional articles for content, clarity, style and grammar, and learn to

- give and receive constructive criticism.
- 6. Evaluate and critique options for visual storytelling and packaging.
- 7. Write an effective query letter to an editor.
- 8. Publish stories online and use social media to market them to targeted readers.
- 9. Identify areas of career interest and explore options in the industry.
