COURSE CONTENT

Student Learning Outcomes:

At the conclusion of this course, the student should be able to:

1. Describe the criminal justice subsystems including the history, structure, and function of the subsystems and careers within each.
2. Describe the differences between federal, state, and local levels of the justice system.
3. Identify the major theories explaining crime causation, statistical reporting, and victimology.
4. Explain the pretrial, trial, and adjudication processes.
5. Describe the Constitutional Amendments that pertain to the criminal justice system.

Objectives:

Upon successful completion of the course, student will be able to:

1. Explain the history and development of the justice system including the subsystems of law enforcement, courts, and corrections.
2. Identify the objectives and societal influences of the law enforcement, judicial, corrections, and juvenile subsystems of the justice system.
3. List the justice system's responsibilities to society.
4. Identify general concepts in crime causation, crime statistical reporting, and the impact of crime on society.
5. Compare and contrast the organizational structures and roles of each criminal justice subsystem at the federal, state, and local levels.
6. Recognize and identify the key steps in the judicial process from pretrial to adjudication.
7. Identify and explain key U.S. Constitutional rights related to criminal justice and criminal procedures.
8. Explain the education, training, and professionalism needed for careers in the criminal justice system.

Topics and Scope:
