### **Certificate/Major Applicable:**

Major Applicable Course

## **COURSE CONTENT**

### **Student Learning Outcomes:**

At the conclusion of this course, the student should be able to:

1. Compare and contrast the historical, political, economic, and cultural development of Western and non-Western states.
2. Identify and evaluate institutional alternatives to explain differences in processes and policy outcomes of different states.
3. Evaluate the impact of domestic issues and globalization challenges on individual states.

### **Objectives:**

At the conclusion of this course, the student should be able to:

1. Define key terms and concepts used in comparative politics.
2. Apply basic concepts of comparative politics to identify similarities and differences between and among states, as well as political institutions, processes, and policies.
3. Compare and contrast the patterns of political and economic development of industrialized

- democracies, current and post-communist states, and newly-industrialized developing states.
4. Examine how identity, political socialization and political participation impact political culture in both Western and non-Western states.
  5. Examine how individual countries deal with domestic issues and globalization challenges that impact our daily lives by comparing their public policy approaches and outcomes.

## **Topics and Scope:**
