COURSE CONTENT

Student Learning Outcomes:

At the conclusion of this course, the student should be able to:

1. Identify and analyze the spectrum of American religious culture in its historical development.
2. Compare and contrast the diverse cultural and ethnic roots of religious expression in America.
3. Describe and give examples of the historical, social, and psychological processes that involved in the creation of new religions.

Objectives:

Upon completion of the course, the student will be able to:

1. Track and analyze the impact of colonization on both European and indigenous peoples' religious expressions.
2. Describe and distinguish the impact of the institution of slavery on both the Europeans and Africans in America and on their religious expressions and political and cultural development.
3. Describe and appraise the impact of industrialization and immigration in non-Anglo Europeans and their religious expressions.
4. Distinguish and compare the leading and intellectual and scientific claims behind emerging spiritual expression.
5. Explain and appraise the interaction between religious communities and secular political culture in America.

6. Identify and evaluate the major personalities and events which shaped American religious discourse.
7. Examine and appraise the effect of religious enthusiasm in the shaping of such American political discourse and institutions as abortion, Suffrage, Prohibition, Civil Rights, evolution, Scientific Creationism, Intelligent Design, Same-Sex Marriage etc.
8. Probe the variety and rivalry of religious denominations and the restless debates within denominations which led to schism and proliferation in American culture.
9. Investigate and evaluate the emergence of new religions and new religious expression in American society.
10. List examples of religious institutions and styles of expression from each major historical source of origin and their cognate traditions.
