COURSE CONTENT

Student Learning Outcomes:

At the conclusion of this course, the student should be able to:

1. Apply theoretical understanding of novice administrative and clinical medical assisting skills in patient care settings.
2. Safely and accurately perform novice administrative and clinical medical assistant skills in patient care settings.
3. Demonstrate readiness for practice as an entry level medical assistant.

Objectives:

Students will be able to:

1. Perform beginning administrative and clinical medical assisting (MA) skills and duties at entry level in patient care settings in accordance with the Medical Board of California's (MBCs) MA scope of practice, Occupational Safety and Health Administration (OSHA) regulations, Healthcare Insurance Portability and Accountability Act (HIPAA) guidelines,

- California Certifying Board for Medical Assistants (CCBMA) requirements, and the assigned health care facility's policies and procedures
2. Prepare, administer and chart document oral, parenteral, and topical/transdermal medication and vaccinations at the beginning level in accordance with the MBCs-MA scope of practice, OSHA regulations, HIPAA guidelines, CCBMA requirements, and the assigned health care policies and procedures
 3. Apply principles which have been learned in the prerequisite and corequisite theory and skills courses
 4. Demonstrate ability to problem-solve, operate equipment safely, and carry out procedures in a timely manner in a provider's office, or other healthcare setting
 5. Communicate effectively with patients, providers, and other medical staff members demonstrating cultural sensitivity
 6. Demonstrate professionalism including: dependability, punctuality, cooperation, appropriate appearance, and initiative
 7. Accurately document in patients paper and/or electronic medical records

Topics and Scope:

I. Onsite Administrative/Clinical Rotation

- A. Attend all required assigned clinical hours
- B. Perform beginning administrative and clinical MA skills in patient care settings:
 1. medical asepsis
 2. patient assessment
 3. vital signs
 4. examination and history
 5. patient teaching
 6. ambulatory aids
 7. hot and cold therapy
 8. assist the provider with office surgery and physical exams
 9. aural and ophthalmic treatments/procedures
 10. wound and minor injury treatments
 11. document all treatments and procedures on patient's paper and/or electronic medical records
- C. Prepare, administer and document oral, parenteral, and topical/transdermal medication and vaccinations at the beginning level
- D. Apply concepts and utilize techniques learned in all previous and current MA theory and skills courses
- E. Demonstrate ability to problem-solve, operate equipment safely, and carry out procedures in a timely manner
- F. Communicate effectively with instructor, patients, providers, and other medical staff members while demonstrating cultural sensitivity
- G. Demonstrate professionalism including: dependability, punctuality, cooperation, adherence to dress code, and initiative

Assignment:

1. Complete the required number of hours during assigned onsite administrative and clinical externship in a medical facility and perform skills while constantly adhering to the MBCs-MA scope of practice, OSHA regulations, HIPAA guidelines, CCBMA requirements, and the assigned health care facility's policies and procedures
2. Exhibit professionalism by demonstrating dependability, punctuality, cooperation, adherence to dress code, and initiative

3. Maintain an Injection Log
