COURSE CONTENT

Student Learning Outcomes:
At the conclusion of this course, the student should be able to:
1. Describe and explain developmentally appropriate and culturally relevant curriculum for children birth to age 8 in a family home care setting.
2. Design activities and environments reflective of cultures represented in the community of the program.
3. Plan collaborative approaches to work with families from various cultural, linguistic, and socio-economic backgrounds.

Objectives:
Upon completion of the course, students will be able to:
1. Use the developmental milestones of children from birth to 8 to plan and implement appropriate curriculum.
2. Design curriculum and learning environments that demonstrate developmentally appropriate practices.
3. Select and use materials that demonstrate acceptance of all children's gender, family, race, language, culture, and other special needs.
4. Develop curriculum that is based on children's daily lives and experiences.
5. Incorporate children's home language, family, and home culture in developmentally appropriate learning activities.
6. Plan opportunities for families to be involved in the family child care program.

Topics and Scope:

I. Young Children's Development
   A. Domains of development
   B. Milestones of development (birth to age 8)
   C. Developmentally appropriate practices
II. Introduction to Curriculum Design for Young Children (birth to age 8)
   A. Culturally relevant curriculum

B. Planning integrated curriculum to includes areas of learning e.g. language, literacy, math, music, science, art, dramatic play, cooking, gardening, computers, and self-care

C. Implementing curriculum to provide engaging learning experiences

D. Evaluating curriculum for effectiveness

III. Learning Environments

    A. Understanding how young children learn

        1. active learning

        2. role of play

    B. Establishing consistent routines, schedules, and systems

    C. Creating safe indoor and outdoor environments

    D. Developing multi-sensory environments to support multiple intelligences and learning styles

    E. Providing culturally inclusive environments that respect the diversity of children, families, and staff

Assignment:

1. Gather and present information on a family practice that is different from that of the student (ex. sleeping or mealtime routine)
2. Create a survey/questionnaire for new families with the goal of collecting information to enhance understanding culture, values, holiday preferences, and availability to participate in the program
3. Develop culturally relevant lesson plans for two different age groups of young children
4. Create a display of culturally sensitive and inclusive materials for a family child care setting (explain and demonstrate songs, games, books, food, toys, etc.)
5. Role-play presenting lessons to children in particular developmental stages (3 to 5)

Methods of Evaluation/Basis of Grade:

Writing: Assessment tools that demonstrate writing skills and/or require students to select, organize and explain ideas in writing.

Editing of questionnaire; family practice presentation	Writing 10 - 20%

Problem Solving: Assessment tools, other than exams, that demonstrate competence in computational or non-computational problem solving skills.

Developing a questionnaire	Problem solving 20 - 30%

Skill Demonstrations: All skill-based and physical demonstrations used for assessment purposes including skill performance exams.

Lesson plan; Role-playing	Skill Demonstrations 10 - 20%

Exams: All forms of formal testing, other than skill performance exams.

None	Exams 0 - 0%

Other: Includes any assessment tools that do not logically fit into the above categories.

Materials display; attendance and participation; family practice presentation

Other Category 40 - 50%
