COURSE CONTENT

Student Learning Outcomes:

At the conclusion of this course, the student should be able to:

- 1. Critically read, analyze, and interpret works in the British literary tradition up to the last quarter of the 18th century.
- 2. Demonstrate and understanding of the historical and cultural contexts of this literature.
- 3. Understand and apply a range of historic and contemporary critical approaches to this literature.

Objectives:

The students will be able to:

- 1. Read, analyze and interpret works of British literature up to the last quarter of the 18th century from Old English texts up to the last quarter of the 18th century
- 2. Develop several methodologies for reading and interpreting these texts
- 3. Identify different premises and modes of argumentation
- 4. Examine the critical and historical principles behind the construction of literary and cultural history including the terminology of literary periods, controversies concerning the establishment of distinctions between periods, and general significances attached to various views taken of the transitions between periods
- 5. Examine the history of the English language and the development of particular forms, genres, and conventions (e.g. the sonnet, the mystery play, the caesura)
- 6. Identify the literary and cultural inheritance drawn from this period of British literature and apply this knowledge to other, later forms of literature
- 7. Study and apply elementary literary research methodology
- 8. Evaluate the uses of secondary material in the study of literary texts
- 9. Examine the art, sociology, history, economics and daily life of the people of the period under study and evaluate their effect on the literature of the time
- 10. Analyze the period under study with regard to the shifting role of the poet or writer, the

development of literary theory, and the changing readership

Topics and Scope:

- I. The History of the English Language
- II. The Middle Ages
