COURSE CONTENT

Student Learning Outcomes:

At the conclusion of this course, the student should be able to:

1. Perform within professional and ethical scope of practice, a variety of entry-level administrative medical assisting procedures and techniques in a medical office or clinic.
2. Demonstrate problem-solving and critical thinking skills involved with proper use of office equipment, procedures and processes common in the front office.

Objectives:

Upon completion of this course, the student will be able to:

1. Perform a variety of administrative medical assisting procedures and techniques in a medical office or clinic.
2. Demonstrate adherence to confidentiality and other ethical and legal concepts, including the Health Insurance Portability and Accountability Act (HIPAA) in medical assisting settings.
3. Communicate effectively, with cultural sensitivity, with patients and medical office staff.
4. Demonstrate professionalism in a clinical setting.
5. Demonstrate techniques and procedures applicable to the medical office/clinic.
6. Evaluate administrative medical assisting employment opportunities.

Topics and Scope:

I. Externship - Applying administrative medical skills as appropriate/allowable:

A. Meet with office or clinic manager to discuss task list, evaluation process and what students are allowed to perform

B. Basic Administrative Procedures:

1. Preparing daily patient schedule and charts.
2. Answering telephones.
3. Scheduling appointments.
4. Scheduling surgeries (in surgical offices/clinics).
5. Registering incoming patients.
- 6 Receiving and recording patient payments.
7. Entering data in the Electronic Medical Record and billing computer system.
8. Filling patient records, reports, ledger cards.
9. Opening, sorting, and dispensing mail.
10. Bookkeeping--posting day sheets, posting to computer.
11. Preparing bank deposit.
12. Billing patients by computer or ledger card.
13. Billing insurance companies.
14. Demonstrating professional behaviors including: dependability, punctuality, cooperation, confidentiality, appropriate appearance, interest, and initiative.
15. Communicating effectively, with cultural sensitivity, with patients, supervisor, instructor, and office/clinic staff.

II. Experience with instructor:

A. Orientation to medical assisting externship:

1. Process, expectations, and evaluation.
2. Assigned experience is distributed to student.

B. Analysis of skills and problem-solving related to administrative medical assisting experience

Assignment:

1. Complete 184 administrative hours.
2. Perform a variety of designated administrative medical assisting techniques and procedures, during assigned externship in a medical office or clinic under an office/clinical manager's (or their designee) supervision.
3. Maintain a timesheet that includes medical site hours or work related to it.
4. Complete 1-2 page weekly reports during externship, including tasks performed, successes, and problems encountered, future goals.
5. Discuss externship experience and participate in non-graded problem-solving exercises as time permits.
6. Complete weekly task sheet update with externship supervisor.
7. Participate in final performance evaluation with instructor. Include office/clinic manager's evaluation, timesheet, task sheet, student evaluation of program, and future plans.
