COURSE CONTENT

Student Learning Outcomes:

At the conclusion of this course, the student should be able to:

1. Plan and execute the production of a short digital film worthy of festival exhibition.

Objectives:

At the conclusion of this course, the student should be able to:

1. Write a producible original short script with developed character(s) and a narrative arc.
2. Create a genre-specific lighting plan.
3. Execute a plan through cinemagraphic conventions.
4. Operate digital video and audio equipment.
5. Execute a lighting plan.
6. Learn to direct actors for the screen.
7. Develop the skills necessary to communicate effectively with actors.
8. Edit films using the conventions of post-production, with dual emphasis on the art and science of editing.
9. Execute a final sound mix down.
10. Color correct a locked cut.
11. Develop a sample marketing plan for a film.
12. Complete a theoretical application to short film festivals.

Topics and Scope:
