## **COURSE CONTENT**

### **Student Learning Outcomes:**

At the conclusion of this course, the student should be able to:

1. Describe the history of the juvenile justice system within the criminal justice system.
2. Compare the differences between delinquency, status offenses, and dependency.
3. Explain the theoretical causes and correlates of delinquency when applied to the juvenile justice system.
4. Describe the application of the adolescent development model to policing, courts, and corrections within the juvenile justice system.
5. Explain how the role of juvenile victimization increases the at-risk factors for involvement in the juvenile justice system.

### **Objectives:**

1. Describe the history of the juvenile justice system.
2. Demonstrate an understanding of the procedures in the juvenile justice system from initial contact to the correctional subsystem.
3. Identify the laws and procedures pertaining to status offenses.
4. Identify the laws and procedures pertaining to delinquency.
5. Identify the laws and procedures pertaining to dependency.
6. Compare and contrast various types of correctional institutions and programs in the juvenile justice system.
7. Demonstrate an understanding of the waiver of a juvenile from the juvenile justice system to the adult criminal justice system.
8. Describe psychological, social, and familial forces in a juvenile's life.
9. Identify the juvenile transfer to adult court procedures.
10. Identify detention practices associated with juvenile being declared ward of the court.
11. Discuss the developmental issues encompassing juvenile Miranda admonishments.
12. Discuss the importance of the police role when acting as gatekeepers into the juvenile justice system.

13. Identify promising intervention and prevention juvenile delinquency programs.

.
