Also Listed As:

Formerly: BAD 50

Catalog Description:

This course is a survey in business providing a multidisciplinary analysis of how culture, society, economic systems, legal, international, political, financial institutions, and human behavior interact to affect a business organization's policy and practices within the U.S and in a global context. It covers how these influences impact the main areas of business including: organizational structure and design; leadership, human resource management, organized labor practices; marketing; organizational communication; technology; entrepreneurship; legal, accounting, financial practices; the stock and securities market; and therefore affect a business' ability to achieve its organizational goals. This class is recommended for Business Administration majors intending to transfer to a 4 year institution.

Prerequisites/Corequisites:**Recommended Preparation:**

Eligibility for ENGL 100 OR EMLS 100 (formerly ESL 100) or appropriate placement based on AB705 mandates

Limits on Enrollment:

COURSE CONTENT

Student Learning Outcomes:

At the conclusion of this course, the student should be able to:

1. Differentiate and analyze business concepts and terminology that effect American business in its emergent global context.
2. Demonstrate an understanding of the major functional areas in Business Administration and how they relate to each other.

3. Assess the challenges to American business of operating in a diverse global economic, social, cultural, political and legal environment.
4. Appraise opportunities for more advanced study in Business Administration.

Objectives:

At the conclusion of this course, the student should be able to:

1. Analyze business concepts and terminology by which the modern American business in its emergent global context is described.
2. Examine each major functional area of the global business firm.
3. Study how the specialized areas of business interrelate both within the organization and in the global business environment.
4. Assess the various global economic systems in which American business is obliged to operate.
5. Assess the challenges to American business of global economic integration including social, cultural and environmental impacts.
6. Critique ideas that underlie the development of public policy relevant to business, in their proper historical, theoretical, and global contexts.
7. Evaluate current issues in the global (i.e. social, economic, political, legal, ethical) environment of business.
8. Appraise opportunities for more advanced study in broad field of Business Administration.

Topics and Scope:

1. Foundations of American Business
2. Forms of Business Enterprise
