## **COURSE CONTENT**

### **Student Learning Outcomes:**

At the conclusion of this course, the student should be able to:

1. Identify and discuss the worker's changing roles, responsibilities, and opportunities.
2. Develop and display workplace skills such as ethics, critical thinking, problem solving, creativity, innovation, and individual responsibility.
3. Apply effective communication skills and other soft skills when working in teams.

### **Objectives:**

Students will be able to:

1. Use a daily calendar or planner to schedule appointments, work hours, and/or other time demands.
2. Record all details of assigned tasks, activities, and projects on a daily calendar or planner.
3. Evaluate and assess time management skills on a monthly basis.
4. Examine the evolution of the workplace and changes in organizational structures.
5. Compare and contrast employer expectations of workers in the 20th versus 21st century.
6. Analyze critical issues impacting workers.
7. Assess and evaluate current soft skills and develop a plan for acquiring or improving skills.
8. Identify personal learning styles and develop a plan to improve learning potential.
9. Discuss personality types and their impact on the work environment.
10. Explain the elements that make up the communication process.
11. Explain how barriers can interfere with effective communication.
12. Examine the impact of technology on communication.
13. Compare the stages of team development.
14. Participate in organization of a team.
15. Use critical thinking skills to solve problems.
16. Explain how cultural diversity affects communication styles.

17. Compare and contrast the four generations in the workplace.
18. Discuss the key principles related to verbal and nonverbal communication.
19. Use active listening skills.
20. Use word processing, spreadsheet, email, Web-based programs, and other technologies used in business to complete assignments.
