COURSE CONTENT

Outcomes and Objectives:

Outcomes and Objectives:

Upon completion of this course, students will be able to:

1. Define, state, and explain the comparative model we will use in the course for the purpose of comparing nations to each other.
2. Argue a particular point in connection to the comparative model.
3. Demonstrate communication and analytical skills.
4. Use information learned from the textbook and lectures on exams.
5. Compare and contrast the political cultures, methods of political socialization, and government institutions of Germany, Japan, China, and Mexico.
6. Evaluate how the governments and the people interact in each of these four countries

7. Differentiate and critique the various components of the governments in each of these four countries.
8. Appraise how the nations we study in comparative government compare to the United States.
